

SANICLEAN PAA PRO DATA SHEET

EPA Registered Acid-based Sanitizer for Brewing
and Beverage Production

Product Overview

Saniclean PAA Pro is a 2-in-1 acid-based sanitizer and cleaner designed for professional brewers. It delivers fast, no-rinse sanitizing with light cleaning action—perfect for fermenters, brite tanks, kegs, and CIP systems.

Applications

Key Features

- **2-in-1 Functionality:** Combines sanitizing power with light cleaning action to simplify your cleaning cycle
- **Fast, No-Rinse Sanitizing:** Kills bacteria, yeasts, and molds with short contact time
- **Low Foam Formula:** Ideal for CIP and recirculation systems
- **Safe on Equipment:** For use on stainless steel, plastics, and rubber gaskets while preventing build up of beerstone
- **Versatile Uses:** Can be used in coarse sprayers, fermenters, kegs, brite tanks, hoses, and packaging lines

Sizes Available

- 5 gallon (F60047)
- 53 gallon (F60048)

Dosage Rates

- Sanitizing: 1.7-5.3 oz per 5 gallons of water
- CIP: 0.5-6 oz. per 1 gallon of water
